Mr Henry G. Williams

Dear Sir

This is to advise of the Sale of 22 Bales
more of your Cotton at 8.94^c all round which
we deem a very good price. A belief is enter-
tained by many that there is an European war
approaching which rather checks confidence
in the value of Cotton, otherwise we think it
would soon be at 9^c or upwards

Very respectfully

Yours most Obedtly

Gordon F. Thomas
